

Meditation on a Flyspeck Intervened  
By the Late Late News

---

Rotting apples in B.C.  
icebergs of butter floating the St. Lawrence  
Esquimo carvings of human fat and bone  
dinosaur rex  
we stand alone.

Keep fit Canada  
plays croquet with surplus eggs  
No one here is hungry or in need  
no one begs.

Bi-lingual cornflakes  
fortify the nation  
from identity crises  
social anemia  
economic constipation.

Look how prosperous we've grown  
on poisoned fish, slaughtered seal  
synthetic bread.  
Now's the time to legislate  
ceramic bathtubs, pink extension telephones  
for the Indian dead.
